Hello ITS SIMPLE AI LLC

Congratulations, you passed your Demo! We have created your Production Access Client Credentials for the: Case Status API - Production

Your Production keys are available to you through a Developer Team App.

- **For new Developer Teams**, a separate Invitation Email was sent to your registered email address. Please follow the prompts in the email to accept the invitation.
- **For existing Developer Teams**, a developer team app was enabled under your team with access to the prod endpoint.

To access the Developer Team App credentials: **Login** to the Developer Portal> click **Teams** > Click on your **Team Name** > Click on **Team Apps**. The following app is enabled for access to Production Servers:

- ITS SIMPLE AI - Production

Please note - the API URL is different for Production Access. You should point your production environment API to:

- <https://api.uscis.gov/case-status>

The Oauth Endpoint for Production Environment is:

- <https://api.uscis.gov/oauth/accesstoken>

Your Production Keys for this API will become available on:

Sep 9, 2026

If you have any issues accessing this new endpoint, please email developersupport@uscis.dhs.gov right away.

Regarding your Sandbox Access

Your Sandbox Developer App will maintain access to the Sandbox Environment for your development needs. Please let us know if you have any questions.

Thanks,
USCIS Torch API Developer Support
